

Kakadiya Chiranj

MERN Stack Developer

📍 Amreli, Gujarat (Open to Relocation) — 📞 +91 9016291573 — ✉️ kakadiyachiranj044@gmail.com
🌐 LinkedIn — 🐙 GitHub

Summary

MERN Stack Developer with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing REST APIs, authentication systems, and responsive user interfaces. Strong understanding of Git, API integration, and scalable application architecture. Quick learner with strong problem-solving skills and passion for building real-world applications.

Education

RK University MCA (CGPA: 8.47)	Rajkot, Gujarat 2024 – Present
Saurashtra University BCA (CGPA: 8.51)	Rajkot, Gujarat 2021 – 2023

Experience

Web Development Intern | Krushki IT E-Commerce Pvt. Ltd. Aug 2025 – Feb 2026

- Developed and optimized responsive web applications using React.js, improving UI performance and user experience.
- Integrated RESTful APIs for dynamic data handling, reducing data load time and improving application efficiency.
- Identified and resolved bugs, increasing system reliability and reducing runtime errors.
- Collaborated with cross-functional teams to deliver features within deadlines in an agile environment.

Projects

StudentSphere (MERN LMS) Mar 2026
GitHub — Live Demo

- Designed and developed a scalable Learning Management System with role-based access (Admin, Instructor, Student).
- Used Git and GitHub for version control and project collaboration.
- Built 10+ RESTful APIs using Node.js and Express for course management, submissions, and grading workflows.
- Implemented JWT-based authentication and authorization ensuring secure access control.
- Modeled and managed data using MongoDB and Mongoose, optimizing query performance.
- Structured backend architecture for maintainability and scalability.

Shopper (E-Commerce MERN) Sep 2024
GitHub — User Panel — Admin Panel

- Developed a full-stack e-commerce platform with user authentication and admin dashboard.
- Designed backend APIs for product management, cart, and order processing.
- Implemented secure authentication using JWT and handled session management.
- Improved application performance through efficient state handling and API optimization.

Technical Skills

- **Languages:** JavaScript, Python, Java, SQL
- **Frontend:** React.js, HTML, CSS
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MongoDB, Mongoose, MySQL
- **Concepts:** OOP, Data Structures, Authentication (JWT), API Design
- **Tools:** Git, GitHub, Postman, Axios
